PROFESSIONAL EXPERIENCE (cont'd):

Psychological Dimensions Contract Psychologist 11/2020 – Present
Greenwood Village, CO

Performing pre- and post-offer suitability psychological evaluations with individuals seeking employment with police, fire, safety, and security agencies; the evaluation process includes a clinical interview, review of psychological assessment results, consulting with the referral source, and writing reports

Jefferson Neurobehavioral Group Clinical Psychologist 09/2016 – 10/2020
New Orleans, LA

Performing pre-surgical psychological evaluations for individuals contemplating surgical intervention for chronic pain conditions or weight loss; providing individual, family, and group psychological treatment for a broad range of acute and chronic issues, including chronic pain, chronic illness, traumatic brain injury, anxiety, depression, PTSD, and bereavement; and performing psychological evaluations for workers' compensation claims, legal cases, and fitness for duty determinations.

New Orleans Department of Civil Service Psychologist Subcontractor 01/2017 – Present
New Orleans, LA

Performing pre-employment psychological evaluations for candidates seeking employment with the New Orleans Police Department (NOPD); and determining fitness for duty via multiple sources of data, including psychological assessment results, background record review, and in-person structured interview.

Stokes & Associates, Inc. Director of Research and Development 04/2016 – 06/2017
Metairie, LA

Researching and reading literature, statutory law, and case law pertaining to Life Care Planning and Vocational Analysis techniques and practices; educating Stokes & Associates experts regarding best practices based on literature and case law; hiring and training individuals for positions within the research department and leading research department to maximize efficiency and accuracy of research practices, including identifying new tools for doing healthcare research and training the research staff to use those tools effectively; assisting with networking and marketing activities to identify and reach potential customers; and learning to become a viable life care planning expert through case management and expert testimony training.

Jill Hayes, Ph.D., A Professional Forensic Psychological Corporation 12/2013 – 04/2016
Post-Doctoral Intern

Performing psychological assessment, scoring, and interpretation in both criminal (i.e., sanity, competence) and civil (i.e., brain injury, pain, psychological harm) cases; analyzing records in conjunction with assessment results to formulate opinions with regard to functioning (i.e., criminal liability, malingering, post-injury functioning, etc.); and preparing reports and other materials to provide to hiring party (i.e., judge, prosecutor, defense); aiding Dr. Hayes in preparation for and execution of testimony.

PROFESSIONAL EXPERIENCE (cont'd):

Tulane Hospital and Medical School Practicum Student/Clinical Intern 05/2011 – 08/2012
New Orleans, LA

Direct data collection with children as part of a research endeavor investigating the neurocognitive and psychological outcomes associated with sickle cell anemia and pediatric cancer; data analysis and preparation of conference presentations and paper publications.
